## The Story of Naughty Kacper Unfolds

wydawnictwo  
**adamada**

Kacper is ridiculed and bullied by his school mates. At home, he writes a diary, designs super-modern jets and dreams of becoming a commando. He has a head full of great ideas, but unfortunately putting them into practice usually ends in complete disaster... His life changes when he meets a witch who turns out to be a former maths teacher. His new friend wears army boots and camouflage, practices yoga and lives in the forest. They are both different, and not everyone likes it. Together they can do something really good (and not at all weird).

A spiritually uplifting book. A must-read for everyone who is not always accepted or understood.
